

# *Lecture Notes for (Course name)*

*Reneeth Krishna MG*

*Forever*

These are my lecture notes taken during the (course info) class. Template inspired (copied?) from <https://ralphs16.github.io/> and <https://github.com/abrandenberger/course-notes>.

*Contents*

## 1 *Introduction*

Math is notoriously hard...God for his turn didn't make things easy either. He just gave us  $\mathbb{N}$  or so they say. The least we could do is make pretty notes...
